PROFILE

Motivated Software Engineering student at Daffodil International University, with a strong interest in applying technical knowledge and interpersonal skills in international and collaborative environments. Experienced in teamwork, event management and communication through active participation in volunteer initiatives.

Passionate about community development, sustainability, and global engagement, I am eager to contribute to meaningful projects while gaining hands on experience in diverse cultural settings. I am particularly interested in exploring innovative approaches to problem solving and expanding my perspective through cross cultural learning.

Committed to continuous growth, I aim to develop both my technical expertise and essential soft skills, preparing myself to make a positive impact in a global context.
